Your action plan, by topic

Only the topics that apply to Mei Lin are included.

Government funding

Now

WHAT WE NOTICED

- Paying for care is a significant worry for the family.

WHY THIS MATTERS

Several government subsidies depend on assessments and applications that take time. Starting early avoids paying costs that could have been covered.

WHAT TO DO NEXT

- ☐ **Check current entitlements** · Within a month · Daniel Tan

Ask Work and Income which allowances apply, such as help with extra costs from a health condition.

WHO MAY BE ABLE TO HELP

Work and Income · NASC · Budgeting services · Lawyer or financial adviser

QUESTIONS WORTH ASKING

Work and Income

- Which subsidies or allowances could Mei Lin be eligible for now?

NASC

- Does Mei Lin's assessed level of care allow a subsidy application?

Staying safely at home

Soon

WHAT WE NOTICED

- Mei Lin lives alone, so there may be no one nearby if something goes wrong.

WHY THIS MATTERS

Small changes at home, such as working alarms, good lighting and a way to call for help, prevent many emergencies and make it more likely someone can keep living at home.

WHAT TO DO NEXT

- ☐ **Walk through the home for hazards** · Within a month · Family

Check lighting, loose mats, clutter on floors, and how easy it is to get in and out of the shower and bed.

WHO MAY BE ABLE TO HELP

Family and neighbours · GP or practice nurse · Occupational therapist · Fire and Emergency New Zealand

QUESTIONS WORTH ASKING

GP

- Would Mei Lin qualify for a funded personal alarm, and how do we arrange it?

Occupational therapist

- Which changes in the home would make the biggest difference to safety?

Home care and support

Soon

WHAT WE NOTICED

- Mei Lin currently has home help (2 hours a week).

WHY THIS MATTERS

The right mix of help, from a few hours of household support to daily personal care, is often what makes staying at home possible and safe.

WHAT TO DO NEXT

- ☐ **List the daily tasks that need help** · This week · Daniel Tan

Note what is hard each day (showering, meals, shopping, medicines) so support can be matched to real needs.

WHO MAY BE ABLE TO HELP

Needs Assessment and Service Coordination (NASC) · GP · Home support providers · Pharmacist

QUESTIONS WORTH ASKING

NASC

- What funded home support could Mei Lin be eligible for, and how long is the wait?

Pharmacist

- Could medicines be supplied in blister packs, and can the pharmacy review them?

USEFUL INFORMATION

Funded support starts with an assessment ^[1]

Health New Zealand funds home support for eligible older people after a needs assessment by the local NASC service. A GP can make the referral.

Falls and mobility

Soon

WHAT WE NOTICED

- Mei Lin has had one fall in the last 12 months.
- Mei Lin uses a walking aid.

WHY THIS MATTERS

One fall makes another more likely. Many falls can be prevented with a medication review, strength and balance exercise, and a safer home.

WHAT TO DO NEXT

- ☐ **Book a GP falls review** · Within 2 weeks · Daniel Tan
Ask for a medication review and checks of eyesight, blood pressure and feet.
- ☐ **Start a strength and balance programme** · Within a month · Mei Lin with family support
Find a local class or ask for a referral to an in-home programme.

WHO MAY BE ABLE TO HELP

GP · Physiotherapist · Occupational therapist · Live Stronger for Longer classes

QUESTIONS WORTH ASKING

GP

- Could any of Mei Lin's medicines be adding to dizziness or falls?
- Should eyesight, blood pressure or bone health be checked after these falls?

Physiotherapist

- Which strength and balance programme suits Mei Lin now?

USEFUL INFORMATION

Strength and balance ^[5]

Live Stronger for Longer lists community strength and balance classes around New Zealand, and GPs can refer people to an in-home programme.

EPOA and legal planning

Soon

WHAT WE NOTICED

- An Enduring Power of Attorney for property is not in place.
- An Enduring Power of Attorney for personal care and welfare is not in place.
- There is no advance care plan recording Mei Lin's wishes.

WHY THIS MATTERS

An EPOA can only be made while a person can still understand it. Without one, the family may need to apply to the Family Court to make decisions, which takes time and money.

WHAT TO DO NEXT

- ☐ **Set up both EPOAs with a lawyer** · Within a month · Mei Lin with family
Book a lawyer and choose attorneys for property and for personal care and welfare.

☐ **Find existing legal documents** · Within 2 weeks · Daniel Tan

Check with the family lawyer or trustee company whether an EPOA or will already exists, and keep copies.

☐ **Start an advance care plan** · Within 3 months · Mei Lin with the GP

Talk with Mei Lin and the GP about what matters most, and write it down.

WHO MAY BE ABLE TO HELP

Lawyer or trustee company · GP (for capacity questions) · Te Tari Kaumātua Office for Seniors

QUESTIONS WORTH ASKING

Lawyer

- What does Mei Lin need to set up both EPOAs, and how long will it take?

GP

- Is Mei Lin able to make and sign an EPOA now?

USEFUL INFORMATION

Two kinds of EPOA [3]

One covers property and money, the other covers personal care and welfare. A welfare EPOA only comes into effect if the person is assessed as no longer able to make decisions.

Making an EPOA [2]

Te Tari Kaumātua publishes the standard forms and explains how they must be witnessed.

Advance care planning [4]

An advance care plan records what matters most to a person about future care, so family and clinicians can follow their wishes.

OPTIONS THAT MAY SUIT

Shown because they match Mei Lin's criteria, not as recommendations. Sample providers for testing.

Seniors' Legal Clinic (community law)

Matches: Location: Auckland; Availability: vacancy or capacity now

Financial considerations

Soon

WHAT WE NOTICED

- The family has a guide budget of about \$250 a week for care or accommodation.

WHY THIS MATTERS

Retirement villages and residential care have very different costs and contracts. Understanding them early avoids rushed decisions.

WHAT TO DO NEXT

- ☐ **Write a simple money snapshot** · Within a month · Family or EPOA attorney
List income, savings, regular costs and the value of the home, so options can be compared.
- ☐ **Get independent financial advice** · Within 2 months · Family
A free budgeting service or a financial adviser can explain the options.

WHO MAY BE ABLE TO HELP

Financial adviser · Lawyer · Free budgeting services

QUESTIONS WORTH ASKING

Financial adviser

- How would each option affect Mei Lin's income and assets over five years?

Transport

Soon

WHAT WE NOTICED

- Getting to appointments and shops has become difficult.

WHY THIS MATTERS

Losing transport often leads to missed appointments and isolation. Subsidised options can keep someone independent.

WHAT TO DO NEXT

- ☐ **Check eligibility for Total Mobility** · Within a month · Family
Ask the GP or a local agency about an assessment.

WHO MAY BE ABLE TO HELP

Total Mobility agencies · Community transport services · GP (for driving fitness)

QUESTIONS WORTH ASKING

GP

- Is Mei Lin still safe to drive, and should a driving assessment be done?

USEFUL INFORMATION

Total Mobility [6]

Subsidised taxi and ride-share fares for people who cannot use public transport safely because of an impairment. Eligibility is assessed by an approved agency and subsidies vary by region.

Social connection

Soon

WHAT WE NOTICED

- Mei Lin is often alone and has little contact with others.

WHY THIS MATTERS

Loneliness affects mood, memory and physical health. One regular activity each week makes a real difference.

WHAT TO DO NEXT

- ☐ **Find one regular weekly activity** · Within 2 months · Family
A club, class, church group or day programme that Mei Lin would enjoy.
- ☐ **Check hearing and eyesight** · Within 3 months · Mei Lin with family
Untreated hearing or vision loss often makes social contact harder.

WHO MAY BE ABLE TO HELP

Age Concern · Local community groups · Church or cultural groups

USEFUL INFORMATION

Visiting services [7]

Age Concern runs visiting and social programmes for older people in many parts of New Zealand.

OPTIONS THAT MAY SUIT

Shown because they match Mei Lin's criteria, not as recommendations. Sample providers for testing.

Memory Café Network (community)

Matches: Location: Auckland; Availability: vacancy or capacity now

Equipment and home changes

Soon

WHAT WE NOTICED

- Moving around the home safely needs some support.

WHY THIS MATTERS

Rails, shower seats and the right mobility aids are low-cost changes that prevent falls and keep people independent for longer.

WHAT TO DO NEXT

- ☐ **Fit bathroom rails and a shower seat** · Within a month · Family
The bathroom is the most common place for falls at home.

WHO MAY BE ABLE TO HELP

Occupational therapist · Equipment suppliers · Builder for rails and ramps

QUESTIONS WORTH ASKING

Occupational therapist

- Which equipment is funded, and which would we need to buy?

Emergency planning

Plan ahead

WHAT WE NOTICED

- In an emergency, responders may not know Mei Lin's medicines or who to contact.

WHY THIS MATTERS

A one-page emergency sheet and a backup carer plan save precious time when something unexpected happens.

WHAT TO DO NEXT

- ☐ **Make a one-page emergency sheet** · Within 2 weeks · Family

List medicines, conditions, allergies and contacts, and keep it on the fridge.

WHO MAY BE ABLE TO HELP

Family · GP · Pharmacist

USEFUL INFORMATION

Emergency kits [8]

Get Ready explains how to prepare a household emergency plan, including medicines and mobility needs.

Future planning

Plan ahead

WHAT WE NOTICED

- The family has not yet decided on longer-term living arrangements.
- Mei Lin's goals: keep costs manageable on NZ Super and feel less alone.

WHY THIS MATTERS

Talking about wishes before a crisis means future decisions reflect what Mei Lin wants.

WHAT TO DO NEXT

- ☐ **Have a family conversation about the future** · Within 3 months · Mei Lin with family

Talk about where Mei Lin would like to live and what matters most.

- ☐ **Review this plan in six months** · In 6 months · Family with Kinfield

Update the plan if anything changes sooner.
