

Harold Fitzgerald-Montgomery, 88

Whakatāne · Family contact: Catherine Fitzgerald-Montgomery (granddaughter and enduring power of attorney)

Current living situation	Lives alone, Whakatāne
Existing support	Family, 4 h/week; Meals; Home help, 3 h/week; Day programme, 6 h/week
Mobility	Needs help to mobilise; fear of falling
Recent significant events	• In hospital: A fall with a head injury and a urinary tract infection that caused sudden confusion (discharge expected 2 October 2026) • 4 falls in the last 12 months
Health conditions	• Vascular dementia • Atrial fibrillation • Chronic kidney disease stage 3 • Type 2 diabetes • Osteoporosis • Hearing loss • Cataracts in both eyes
Main concerns	• Weight loss • Night-time confusion • Memory and thinking: significant concern (dementia diagnosis) • Main carer (granddaughter) reports high strain
Family goals	• Stay near the beach he has lived beside for sixty years • Keep his dog, Biscuit, for as long as possible • Be close enough for Catherine to visit after work every day • Avoid another emergency admission
Current services	Meals; Home help; Day programme
Existing assessments	Assessment requested
EPOA status	Property: Not in place. Personal care and welfare: Not in place.
Main priorities	• Now: Make the home safer • Now: Get the right help at home • Now: Check the funding available • Now: Get a needs assessment • Now: Respond to memory changes
Actions already underway	None recorded
